

## Rigid Low Profile Corner Bead

The Rigid Low Profile Corner Bead is a variation on our standard 90-degree vinyl corner bead that requires less mud and no setback to finish. With its sharp rigid nose, this is a great choice for a level-five finish. Available with an 81-degree closed angle (CA) for use with twisted or warped framing.

### Installation Guide

#### Before Installation:

Use minimal drywall setback on outside corners. Measure, cut and dry fit the bead, leaving a 1/2" gap at the floor.

#### Step 1:

Coat both the bead and edge of drywall with Trim-Tex 847 Spray Adhesive.

#### Step 2:

Press the bead in place, applying pressure to the mud legs.

#### Step 3:

Staple every 6"-8" using 1/2" staples.

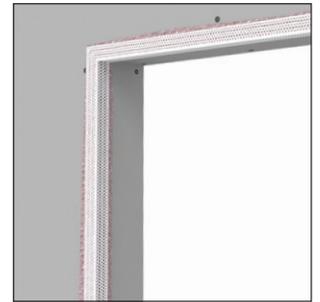

#### Step 4:

Finish with drywall compound.
